AVIATOR COWLING DESK

T-AVI-TK-0001-Z

Ready to roar into action, the Cowling is inspired by the metal covering on an aircraft engine. Its bold curved lines are clad in Spitfire; our painstakingly handcrafted signature finish. Mimicking the multi-riveted panels on the historic British Spitfire fighter plane, each piece of aluminium is fixed by hand-applied nails and then put through a five stage finishing process to create the impression of worn, distressed metal. The Cowling desk wraps around you like a pilot in their cockpit, with its moon shaped desk top providing a formidable platform to direct your thoughts. Also available in Black Spitfire. Please note, the Spitfire finish features surface distress variations, which may vary from piece to piece.
